RICOH Interactive Whiteboard D7500

RICOH
imagine. change.

Transform the way you work

The Ricoh Interactive Whiteboard D7500 is here to help you transform your meetings and turn presentations into collaborative experiences. With a 75-inch touchscreen and vivid 4k Ultra HD resolution, it is ideal for larger spaces such as boardrooms and conference rooms. The D7500 is an all-in-one remote collaboration powerhouse. It allows the whole team to work together on projects and actively participate in presentations and meetings, whether they are in the room or across the world.

- One-stop collaboration hub with document annotation and web browsing capabilities
- Video conference-ready with built-in speakers and microphone, enhanced by Ricoh camera (optional)
- Integrates with Ricoh video conference services: UCS and UCS Advanced, and Skype™ for Business
- Adding Ricoh Streamline NX (SLNX) enables secure card-based device access and allows you to email and print anything produced on the whiteboard
- Designed for ease of use with two controller options: original Ricoh and OS free

Take your teamwork to the next level

Work together anywhere, anytime

Share documents in real time and give all team members the tools they need to contribute to meetings. With its built-in speakers and microphone and high-performance Ricoh camera (optional), the D7500 is video conference-ready and integrates with Ricoh UCS services and Skype™ for Business.

Collaboration made simple

Optimise your meetings and presentations with this all-in-one collaboration hub. The D7500 has an ultra high-resolution display that gives you all the space you need to share ideas. The multi-touch screen uses ShadowSense™ technology that enables you to precisely annotate documents.

Adaptable to your needs

With a range of connectivity options, the D7500 enables seamless integration with your devices. It comes with Bluetooth for smart phones and tablets, and includes multiple USB ports to attach hardware like keyboards. You can also browse the web straight from the whiteboard.

Secure and easy to use

With its intuitive interface and the choice between a Ricoh or an OS free controller, the D7500 is designed for ease of use. In addition, optional SLNX integration facilitates simple, secure card-based access and emailing and printing of the annotated documents to keep the team aligned.

RICOH Interactive Whiteboard D7500

MAIN SPECIFICATIONS

DISPLAY PANEL

Panel size:	Diagonal: 75" wide (1,892 mm)
Display type:	Liquid Crystal Display
Backlight:	LED System
