

B110M

Premium Wax

- Printing quality excellence
- Wide label adaptability
- Excellent abrasion resistance

PRINTING PROPERTIES

	Rough Paper	Coated Paper	Thermal Transfer Paper	Gloss Paper
Compatibility				

RIBBON PROPERTIES

- Polyester film
- Total ribbon thickness: 6.9-7.1 μm
- Ink melting point: 85°C

IMAGE PROPERTIES

- Image density : 1.2 or more*
- Resolution : ANSI C or more*

*RICOH standard test method

Application
